

Dual Water Filter Covers

DIMENSIONS:

H: 440mm, L: 600mm, D: 220mm

(Fixing side Measurements)

Covers are a recommended addition to any Water Filter Installation with two key benefits:

- They provided the homeowner with peace of mind in knowing the system is protected from the elements,
- Hides unsightly pipework and blends in with the house exterior, meeting high standards for home presentation.

PRODUCT FEATURES:

- ◆ Lightweight & durable product that is easy to install
- ◆ Manufactured to withstand NZ weather conditions—ASA, UV resistant plastic.
- ◆ Versatility in mounting, with option of purchasing freestanding mounting bracket.
- ◆ Supplied in white, but fully paintable should the homeowner wish to colour-match to their home.

PAINT FINISH:

Fully paintable with any acrylic household paint.

Preparation with a vinyl etch primer undercoat is recommended.

Consult your local paint specialist if you require further advice.
